

VISION AND VALUES 2023

Vision

Langset shall maintain a primary focus on HSE (Health, Safety, and Environment), cost-efficiency, and high quality. Furthermore, we aim to be a leading, long-term, and future-oriented supplier in the business sectors of Industrial Staffing, Oil & Gas, Ship & Maritime, and Process Industry.

Values

Langset has four core values:

Flexibility: Langset shall swiftly identify and provide effective and optimal solutions for our customers. We strive to be renowned for our flexibility and adaptability in serving our clients.

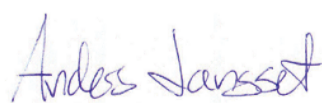

Auditability: At all times, Langset must be auditable and adhere to the transparency act in all our operations. Our mission is to ensure that customers are confident in our delivery of services and products at the right quality, price, and time.

Collaboration: Through teamwork, professionalism, and loyalty, we aim to emerge as a unified and strong entity.

Presentation culture: Langset fosters a performance-driven culture where every employee works towards a collective goal: "Your actions lead to our outcome!" Every Langset employee should focus on providing our customers with the best possible support, always emphasizing Health, Environment, and Safety.

Langset operates based on our prioritized sustainability objectives, including principles related to human rights, transparency, and the working environment.

Our competitiveness depends on these values, as a result we are committed to following them!

Anders Langset
